

# LIBRARIES OF THINGS EUROPE

Project number: 2020-1-UK01-KA227-ADU-094688

Project Duration: 2021-03-01 – 2023-02-28

## 1. About the project

At 'Libraries of Things', members can borrow for free, or at a low cost, from a range of items. This gives people the opportunity to participate in a circular economy and learn more about climate change. Project goals are creating an online interactive platform to catalogue information and resources from LoTs in other countries and offer advice to others in Europe to set up an LoT and to disseminate the findings of the project.

## 2. Target Group

- Adults who are interested in the topics of environment, recycling and the sharing economy
- Organisations interested in starting a LoT
- People with fewer opportunities, facing economic, social and cultural obstacles
- Adult educators

## 3. Results

**Project Platform** that will include:

- A set of video tutorials that would explain the principles of LoTs
- Country-specific information on how the LoTs can be established.
- Steps towards establishing a LoTs.
- An open catalogue/registry where different LoTs from different countries where organisations can post their details along with important information.
- A map that would show the LoTs across Europe and beyond.

**Libraries of Things Guide:**

- workshops which will show the benefits of an LoT
- creation and running of a start up programme in each country for anyone who wants to set up a LoT including meeting existing LoTs
- e-guide - detailed information on the skills and competencies of that setting up a LoT might offer to target groups; case studies of different adult education workshops and training available from LoTs; and information on how to organise related training courses.

## 4. Kick off meeting

The first online partners' meeting was held online on 2 September. The logo and branding of the project were discussed by the partnership. There was also a review of intellectual outputs and discussion about management.

Co-funded by the  
Erasmus+ Programme  
of the European Union
